

## **JOB VACANCY: Public Health Project Manager**

**Company:** Global Health Initiative (GHI)

**Location:** Makeni, Sierra Leone (with regional travel)

**Employment Type:** Full-Time, Contract (2 Years)

### **About Global Health Initiative (GHI)**

GHI is a premier international non-governmental organization dedicated to improving healthcare access in underserved communities. Our mission in Sierra Leone focuses on maternal health, infectious disease prevention, and building robust local health systems.

### **Role Summary**

We are seeking an experienced Public Health Project Manager to oversee our upcoming "Healthy Communities" initiative in the Northern Province. The successful candidate will lead a team of field workers, coordinate with the Ministry of Health, and ensure all project deliverables are met within budget and on schedule.

### **Key Responsibilities**

- Develop and implement strategic plans for the maternal health program.
- Manage a budget of \$500,000 USD, ensuring compliance with donor guidelines.
- Supervise and train a team of 15 local healthcare workers and field staff.
- Design Monitoring and Evaluation (M&E) frameworks to track project impact.
- Prepare detailed monthly and quarterly reports for international stakeholders.

### **Required Qualifications**

- Master's Degree in Public Health, Healthcare Administration, or related field.
- Minimum 5 years of progressive experience in managing health projects in West Africa.
- Strong understanding of Sierra Leone's national health policies.
- Fluency in English (Krio or Temne is a significant advantage).
- Proficiency in data analysis tools (SPSS, Excel, DHIS2).

### **What We Offer**

- Competitive NGO salary scale.
- Comprehensive health insurance.
- Housing and transport allowance.
- Opportunities for international training and capacity building.

**How to Apply** Please submit your CV and a cover letter detailing your relevant experience via Job Portal SL by the application deadline.
