

JOB VACANCY: Registered Field Nurse

Company: Global Health Initiative (GHI)

Location: Bo District, Sierra Leone (Rural Postings)

Employment Type: Full-Time

Role Summary

GHI is seeking compassionate and skilled Registered Nurses to join our mobile health teams in Bo District. You will be the front-line provider of primary care, maternal health checks, and health education to remote communities that lack regular access to clinics.

Key Responsibilities

- Conduct mobile clinics and home visits in designated rural villages.
- Administer vaccinations, screen for malaria/typhoid, and provide prenatal care.
- Maintain accurate patient records and report disease surveillance data.
- Educate community members on hygiene, nutrition, and disease prevention.
- Refer critical cases to the district hospital and coordinate ambulance transport.

Required Qualifications

- Registered Nurse (RN) or State Enrolled Community Health Nurse (SECHN) license.
- Minimum 2 years of clinical experience (rural experience preferred).
- Fluency in Mende and Krio.
- Ability to ride a motorbike is a strong advantage.
- Willingness to live and work in remote settings.
